Date

1. Please describe your relevant analytical skills.

I have been working on state and national policy issues for over three years. I have conducted over 25 program audits on family violence programs across Texas. My department has analyzed program data and provided technical assistance to providers. I have also conducted trainings for programs across the state in response to analytical data.

I also have a depth of knowledge on implementing best program practices and fiscal planning for programs.

2. Please describe your ability to be impartial.

I have a long history of working with prosecutors, criminal defense attorneys and judges on criminal cases in all metropolitan counties in Texas (including Dallas, Fort Worth, San Antonio, Austin and Houston). My ability to be impartial in high profile criminal cases has been instrumental in my work with all involved parties.

I have also served as an expert witness (not a fact witness) in domestic violence cases. This work has demanded a lack of bias in case proceedings.

3. Please describe your appreciation for the City of Austin's diverse demographics and geography.

The city of Austin has a longstanding and rich history of diversity that crosses race, religion, culture, sexuality, ideas, ages, socioeconomic backgrounds and politics. This diverse population enriches our city; in turn, the city and its policies engender acceptance and smart growth with our constituents.

Our unique geography positions us as a city in the midst of unprecedented growth and opportunity. Our responsibility to our citizens and natural resources should be entrusted to both the constituents and local government.

4. Please provide any other information you wish to be considered during the selection of the most qualified applicants for the Commission.

I have a robust history working in community development, especially implementing "smart growth" models in my former communities. I believe that my diplomatic skills combined with my dynamic and creative approach to solutions will serve the Commission well.

I also have significant experience conducting community and regional planning overseas. I have implemented sustainable and lasting community projects in rural Guatemala and urban Kenya.
